### **AND REMEMBER ALSO . . .**

## *What is* **"The Sale of Satisfied Buyers"?**

It is an auction sale of purebred Scotch Shorthorn cattle that has earned its name honestly.

At the close of the auction sale of purebred Scotch Shorthorns to be held at Abingdon, Illinois, on Friday, October 25th, the thirty-sixth sale under this same management will have been completed. When this sale was established thirteen years ago last March, we gave it the name **"The Sale of Satisfied Buyers."** We had no right to this name at the time because proof that buyers were going to be satisfied was somewhat lacking.

We have come a long way since the day of our modest beginning and, with convincing figures to back up our claims, we are more proud than ever of the name **"The Sale of Satisfied Buyers."** Through the 35 auctions held during the thirteen year period, we have sold approximately 2,175 purebred Shorthorns for the staggering total of \$470,000. We are proud indeed of the record. The consignors display their confidence by bringing more and better cattle to each sale. The confidence of buyers is displayed through the continued patronage of old customers and an ever-widening circle of new customers.

No business enterprise can reach complete success except under conditions where each transaction results in a profit for BOTH SELLER and BUYER. The enviable reputation enjoyed by Abingdon Shorthorn Sales may be attributed very largely to the fact that a loyal group of consignors have supplied honest, healthy, well bred cattle and they have been happy to sell them at prices that left buyers a liberal margin for profit.

More than \$470,000! This convincing amount of money now defends the name **"The Sale of Satisfied Buyers!"** We believe the cattle to be offered on October 25th will add further prestige to the name. We invite you to study this catalog and we repeat again. **"You can buy with confidence at Abingdon."**

Sale Manager

*Please Note . . .*

The next fifteen lots listed in this catalog are from Miller Farms, Morning Sun, Iowa. This represents a complete dispersion of the Miller herd and the group includes cattle that have never been priced heretofore. Wishing to retire, the closing-out of Mr. W. P. Miller's herd is a necessity and because so many of his cattle have been marketed through past Abingdon Sales, he has elected to give Abingdon buyers the opportunity to buy the members of his permanent breeding herd. Mr. Miller states that the profits from his Shorthorn herd have made it possible for him to own two farms. Study the pedigrees and take advantage of this dispersion.

## Another Important Dispersion

Newell J. Reed, Elmwood, Illinois, a frequent consigner to former Abingdon Sales, has decided to disperse his small but select herd and has chosen this sale for the purpose. The next twelve lots in this catalog are the Reed cattle. They are good individuals, backed by strong pedigrees, and Abingdon buyers are fortunate to have this opportunity. The good bull Rambler, a grandson of Imp. Brawith Boy, was used with success in this herd and several very choice daughters are included in this dispersion.

This load of Shorthorn feeders, grand champions over all breeds at the 1946 Denver National Western, averaged 475 lbs. each, sold for 47 cents a lb., brought \$223.25 apiece, highest total price ever paid per feeder steer. They outsold by \$20 a head feeders of another breed of the same age which later brought 50¼ cents a lb. They were exhibited by the Winkler Sisters, Castle Rock, Colo., and sold to Albert and Ed Fritzler, Sterling, Colo.

# Four Questions ? and four honest answers .

**Why do buyers like to buy  
in Abingdon Sales?**

*Answer — Because we offer the kind of Shorthorns they  
want at prices they can afford to pay.*

**Why are there so few complaints  
about cattle bought in Abingdon Sales?**

*Answer — Because we offer healthy, thrifty cattle but we  
don't make any pretense of offering over-conditioned  
cattle.*

**Why are so many bulls offered  
in the Abingdon Sales?**

*Answer — Because farmers and stockmen in the Abing-  
don territory appreciate good Shorthorn bulls. They  
know that the calves will attain greater weights at  
younger ages and they also know that the females  
sired by Shorthorn bulls will give an abundance of  
milk.*

**Why are so many bred females  
offered in Abingdon Sales?**

*Answer — Because Abingdon buyers have indicated that  
they like quick dividends. More than this, they  
have indicated that they like to buy where the selec-  
tion is large. That's the reason we offer such a  
large number of females in each sale and why so  
many of them are close to profit.*

**REMEMBER — WE TRY TO SELL WHAT THE  
BUYER WANTS EXACTLY WHEN HE  
WANTS IT . . . at**

**It is easy to ship cattle from Abingdon by rail or truck to any point in the country. Plenty of truckers are available for long distance hauls in any direction.**

## **The Abingdon Sale . . .**

**Where the Scotch bloodlines are of the best.**

**Where the individuals are of top quality and in splendid condition, though without the pampering that often hinders future usefulness.**

**Where pedigrees and health certificates are delivered promptly.**

**Where each consignment is backed by a reliable breeder.**

**Where the sale management functions on the theory that "If buyers secure courteous treatment and profitable cattle, sellers are always going to find a most satisfactory market."**
